

Utility Arborist Association Group Membership Discount Rates

The UAA appreciates the support of all our members!

Your commitment to enroll your employees is of benefit to the UAA in multiple ways. The financial implication is significant & helps us to continue to provide high quality member services. Adding your employees to our membership also helps us as we reach towards the vision of *being an essential part of the professional life of individuals involved in the practice of arboriculture and vegetation management within the energy industries.*

In recognition of this commitment through the enrollment of your employees, the UAA is offering companies that meet the criteria a membership discount. Along with this will be recognition as a group membership company on our website, *Newsline* and annual meeting.

Individual membership is \$40.00/yr and the group discount is as follows:

- 25-49 members = 5% or \$2/member discount
- 50-99 members = 10% or \$4/member discount
- 100-199 members = 15% or \$6/member discount
- 200+ members = 25% or \$10/member discount

For memberships that are between \$3,400.00 to \$6,999.00:

- Full color logo with link to site on our UAA website and monthly email blast
- Full color logo in UAA *Newsline* recognizing this level of membership
- Full color "Thank You" slide at the annual meeting

For memberships that reach \$7,000.00 or more:

- One complimentary Trees & Utilities Conference registration
- Full color logo with link to site on our UAA website and monthly email blast
- Full color logo in UAA *Newsline* recognizing this level of membership
- Full color "Thank You" slide at the annual meeting

All employees must be enrolled as a single transaction, we cannot add and remove employees at a later time so please be sure your data file is complete at time of submission. Also, no employee changes can be done later, meaning if employee A leaves you cannot replace with employee B. The employer is to create a data file of all employees and transmit it to the UAA using the template provided by UAA.

UAA will update the membership database accordingly and process an invoice.
